Monthly Web Packages

Monthly Update Package

Included in the plan are website updates, search engine updates,* email account updates and submission to two new search engines/link directories per month. The monthly update package consists of up to 5 hours of development per month at a reduced package price. All services extending beyond 5 hours in a month will be billed at a discounted \$110.00 / hour fee.

Monthly Search Engine Update Package

Includes search engine updates* and submission to two new search engines/link directories per month. IntelOquence also does a thorough meta-tag, title and keyword check on your site and submits to search engines using our customized search engine strategy.

It is recommended that you submit to the search engines every month; not submitting will drop your ranking.

**Each month your site will be submitted to the following search engines:*
